The contract was awarded to L. G. Hare, on motion of Thompson, seconded by Brown.

Attorney E. H. Redington appeared before the board and presented the proceedings relative to the return of the Hillsborough school district bond election held July 17, 1915, at which a total of 53 votes were cast, 49 in favor of the bonds and 4 against.

On motion of Brown, seconded by Casey, resolutions were adopted declaring the result as shown and authorized a bond issue of $30,000 for a new school building.

The following applications were received for state aid:

Barbara Fisher, San Bruno, five half orphans;

Catherine A. Wight, Colma, three half orphans.

Mrs. Winifred Cullen and Mrs. Mary Hurd, both of Colma and in destitute circumstances, were allowed $8 a month from the Indigent Fund, on motion of Casey, seconded by Brown.

Louise Simmons of San Mateo, also in destitute circumstances, was granted $8 per month out of the same fund, on motion of Brown, seconded by Thompson.

Eugene Pescaro of Daly City was granted a license to peddle dry goods, on motion of Casey, seconded by MacBain.

Te application of Matthew Brady, Sealer of Weights and Measures for a phone in his office at Colma was ordered filed.

On motion of Thompson, seconded by Brown, the Sunset Telephone Company was instructed to install a telephone in the office of the constable at Pescadero.

A communication from County Surveyor Neuman, stating that the contract of the Harry B. Morey & Sons, for constructing the retaining wall on the Redwood City to San Gregorio road, near Woodside, was completed according to specifications, was ordered filed and the contract accepted.

A communication was received from the State Board of Control, notifying the supervisors that state aid had been withdrawn in the case of the following persons: Mrs. Elva Burke, one child; Mrs. Viola Roussell, one child; Mrs. Lena Drummond, one child. The communication was ordered filed.

Supervisor Brown called the board's attention to the destitute condition of a Mrs. Lydia Jansen, of San Mateo, the mother of three children, and who had been refused aid by the State Board of Control. Mr. Brown asked that an investigation be made to determine the worthiness of the case and moved that until said investigation could be made, the superintendent of the county hospital continue to pay Mrs. Jensen $18.75 for the three children. The motion was seconded by Thompson and carried.

The tax collector and auditor presented certificates showing the erroneous assessments of certain property within the county. The said erroneous assessments, 14 in all, were ordered cancelled.

County Surveyor Neuman, presented an agreement between Loren Coburn, owner and C. H. Widemann, lessee, and the county of San Mateo, whereby the county's servants are granted the right for a period of 18 months to enter upon the Coburn ranch for the purpose of obtaining rock thereon. The communication was ordered filed.

County Surveyor Neuman presented plans and specifications for the building of two roads in the Fourth Road District, one from Sunshine Valley to Montara and the other from Montara to Martini. The plans were adopted on motion of Brown, seconded by Thompson.

On motion of MacBain, seconded by Casey, the county engineer, was instructed to prepare an estimate of the cost of putting on 4 inches of macadam with two coats of screening and two coats of oil surfacing on the road from San Gregorio to Pescadero and from Tunitas to San Gregorio.

County Surveyor called the board's attention to the trouble the contractors on the coast side will still have in getting sufficient rock from A. L. Stone & Company to allow them to continue the road work. The matter was referred to Supervisors Brown, MacBain and Casey to take up with Stone & Company.

The board adjourned at 12:10 to meet Monday, August 9th.

GRASS FIRE THREATENS TO DESTROY HOME IN PARK

The home of Moritz Koppel on Edgewood Road, Wellesley Park, narrowly escaped destruction Monday afternoon, when dry grass adjoining the premises took fire. Volunteers had hard work keeping the flames away from the house until the arrival of the fire department. It required the efforts of three hose companys to get the fire under control, there being a heavy wind blowing at the time.

The department responded to another grass fire Friday night in the vicinity of the Union Oil plant at North Fair Oaks. The hose cnmpanies were unable to render any assistance upon their arrival owing to the lack of water hydrants. The fire was put out, however, with wet sacks before any damage was done.

MARRIED AND SINGLE MEN TO MEET ON AUGUST 29

It's all settled. What? The big ball game between the married men and the single men of this city. At a meeting held last week, which was attended by all the leading business men of the town, it was decided to stage the great annual event on Sunday, August 29th.

The names of the respective players of the two teams were presented and read at the meeting, and all were declared eligible to take part in the big game. The lineup will be the same as announced in last week's Democrat with the addition of "Dewey" Sampson, the crack second baseman of the local team, who will hold down that position for the bachelors.

It was decided that the proceeds of the game this year would go toward assisting in entertaining the Grand Court of Foresters which meets in this city next May.

Preceding the game the automobile parade will take place. The Redwood City Municipal Band has volunteered its services for the day and will lead the big parade through the streets of the city and to the ball park, where the game is scheduled to began at 2:30.

Moving pictures showing the different features of the automobile parade, the various players in action at the grounds, the crowd in the grand stand and other interesting events connected with the big game will be taken and shown at the Bell Theatre. Mr. N. A. Arkush of the Bell has been given the moving picture concession and he has arranged to have the Selig Company take the pictures this year. The fact that the Selig Company is to handle the pictures is a sufficient guarantee that the films will be perfect.

The captains of the two teams have already begun putting their players through light practice and from now on they will see that nothing remains undone to get their men in the best of condition and ready to put up the game of their lives, when the umpire calls "Playball" on August 29th.

Redwood vs. San Jose

Redwood City will tackle San Jose next Sunday for the second time this season. In the first game played, the Garden City tossers nosed out the locals by a score of 4 to 2. The locals intend to reverse the tables this time and will present their strongest lineup. Chase will be on the sab for Redwood, with Casey on the receiving end. The game will begin at 2:30.

CITY OFFICIAL PAPER

P. E. O'KEEFE, Editor and Proprietor

THE "MURDER" OF BECKER

(communicated)

The people of the United States claim to be humane, to be civilized and protest at the atrocities of the European war, yet but a little over a week ago the most dastardly and unhuman act that ever disgraced a nation was committed by the state of New York under the protection of the law.

If an individual planned and carried out the destruction of a human life in half as bungling methods as the New York state officials hurled former Police Lieutenant Becker into eternity last Friday, our so called civilization would cry out for the life of the individual and yet those guilty of Becker's murder, for such it is in spite of all arguments to the contrary, sit back and justify their act by declaring they have done their duty.

By what right has the state of New York or any other community to forfeit a life for any act whatsoever.

The first murder was committed by Cain who slew his brother Abel. Did God Almighty, the giver of life, forfeit the life of Cain? Not at all. If the Father did not consider it justice to take away the life of the murderer by what right has the self esteemed guardians of our peace and happiness to commit such an act.

God alone can create life and He would not take it away for an evil act even when that act was proved beyond the shadow of a doubt and why should any individual or collection of individuals take away that which they can not create or restore and especially so when there is a reasonable doubt as to the guilt of the "victim." It is not definitely known and probably never will be known whether or not Becker was the directing hand of the Rosenthal murder. We only have the words of four self confessed and convicted criminals who themselves suffered the death penalty. Up to the very last, Becker with death staring him in the face and sitting in the chair which was to take his life, protested his innocence. No man, even the hardest hearted, will maintain a stand such as Becker did in the face of certain death. No such thing. He will either meet his end in silence or confess. Past history proves this.

Another matter, the most significant of all—Becker's "murder" was the most vicious, brutal and inhuman act ever committed in the name of justice.

In strapping the electrodes to his body, those in authority proved their utter ignorance of all matters pertaining to their duties. From the statements of witnesses the straps were so loose that when the power was turned Becker's body shot forward and were it not for the hand and foot bands that held it in place, the body would have been thrown at the feet of those in the room. Again, through the criminal ignorance and carelessness of "someone" it took three separate shocks before life was declared extinct. The prison doctors examining the body after each shock and indifferently ordering the next. Barbarous fails to express the nature of the act. Our laws declare that no inhuman or cruel treatment shall be accorded prisoners, yet what could be worse.

Whether or not Becker was guilty of the act charged against him the fact remains that everyone who was directly or indirectly connected with the execution, judge, juryman, state and prison authorities stand in the eye of God a murderer. A premeditated crime executed with the utmost savagery and spirit of revenge. How long shall such a condition last?

What you cannot restore do not destroy. Because an individual takes the life of another, or is supposed to have, we take his life. Where is humanity or civilization benefited? Two wrongs do not make a right.

La Honda Teacher Resigns

Miss Fay Thorpe who has been teaching at La Honda has resigned her positon there and will take charge of the primary classes at Belmont. Miss Amy Lopeman, principal of the Belmont school has returned from Watsonville where she spent the summer with her parents and will again make her home at the Sequoia.

WOODSIDE NEWS ITEMS

The cement bulkhead recently completed on the Woodside road near the J. J. Moore property is certainly a splendid piece of work which reflects credit upon the contractor, Harry B. Morey. It is skillfully done and the workmanship is noticed in every portion of the delicate construction. San Mateo county would, indeed be better off, if Mr. Morey could be permitted to do all the concrete work. This job speaks volumes for Mr. Morey.

Gerald Halsey, manager of the "La Questa" winery for a number of years, is about to move to San Francisco to permanently reside. Mr. Harley's son, Gerald, resides in San Francisco, and is one of the leading young attorneys of that city. The "La Questa" red wine manufactured here was awarded the gold medal recently by the P. P. I. E. The grape from which this wine is made is the celebrated Cabernet Sauvignon of the Medoc, and which, with a small percentage of other varities, yields the renowned red wines of that part of France. E. H. Rixford, son of Attorney Rixford, will have charge of the place in future.

Mr. and Mrs. Charles Josselyn, who have been enjoying a sojourn at Lake Tahoe, will return next week. They have taken part in much of the social gayety at that resort.

Miss Marion Winston will arrive in the near future from Los Angeles for a visit with Miss Genevieve Cunningham at her home in Woodside.

Felony Charge Dismissed

Lloyd M. Lyons was dismissed from custody yesterday after spending 60 days in the county jail. The motion for dismissal of the charge against him was made by District Attorney Swart on Thursday . Lyons was accused of receiving stolen jewelry. He was the manager of the South San Francisco hotel and it is alleged he received stolen jewelry from a servant girl in his employ. The woman in question has been committed to the Agnews Asylum so the district attorney had very little evidence to convict the prisoner who protested his innocence. Lyons is well known in the northern portion of the county.

Local Barbers Organize

The local barbers met on Thursday night and organized a local union for the protection and betterment of the trade conditions. The principal object of the initial meeting was to regulate the prices and hours and to promote the closing of shops all day on Sunday. All shops have pledged to close promptly at 8 o'clock each evening except Saturday evening and then at 10 o'clock. Prices will remain the same as formerly.

It is expected that 25 new members will join the local parlor at that time. Among the new members are a number of the most prominent business men of the village.

Contractor Daniel Flynn who has the contract for the construction of the road from J. Henry Meyer to the Portola road at the Allen ranch has completed that portion of the road from the Wonder saloon to its connection with the Portola road. He was shot through the heart and died instantly. He was only sixteen years old and ran away from home to inlist in the British army. The young man was buried in France but the funeral services took place at his home in England. The ceremonies were very impressive. The Sunday school class of which he was a member was present as well as all the people of the little hamlet where the young man was born and raised. The little church, where the boy has often attended, was crowded to the door with sympathizing friends.

Senator Newlands has closed his home in Nevada for the present. It is not likely that he will open it again or make his home there. His friends believe he will not seek re-election. He was chosen for a six year term last year and had a very close call, being elected by only a few votes. Mr. Newlands is well advanced in years and when his term in the Senate expires he will most likely retire to private life. His former wife was a sister of the late Fred Sharon.

MANY FINE HOMES NOW UNDER CONSTRUCTION

George H. Irving Company Factor in Redwood City's Prosperity

Fron March 1st to July 31st the George H. Irving Company, owners of Redwood Highlands, have spent over $75,000 for labor and material in Redwood City and they expect to exceed this sum in the next five months. It is very seldom that a city of Redwood's size is as fortunate in having one concern alone which spends in the neighborhood of $500 a day. The whole city will eventually feel the beneficial effects of this new money.

As equally important to the local community is the other phase of the Irving Company's activity—that of bringing new home owners to Redwood City. Few local inhabitants know or realize that our population has increased more in the past five months than it has ever increased in five years heretofore. When over 30 new families are brought into a community it means more business for the butcher, the grocer, the baker and every merchant down the street.

The owners of Redwod Highlands are putting our city on the map in the proper manner. Every property owner and merchant should give them our hearthy support and cooperation for every new family they bring to the Highlands means increased valuation to our land and increased patronage to our stores. On Tuesday a canvass was made in Redwood Highlands and it was found that in this new residence park there are now over 70 children of school age—a remarkable growth.

Coburn Again in Trouble

Theodore Kytka, the handwriting expert, has been engaged to study and make a report on the signatures of Loren Coburn and his wife to the document filed in the recorder's office on Wednesday. The document purporting to be an agreement of sale of the Coburn properties. The agreement was between Coburn and his wife and James Sexton whereby the latter purchases the entire property for $100,000, fifteen thousand of which was paid on August 3rd and the balance of $85,000 to be paid in January 1917. Mr. and Mrs. Coburn were shown the document at the court house on Thursday and both pronounced it a forgery. Expert Kytka will finish his work today. A strange thing about the whole affair is that those familiar with the signature of Loren Coburn say the one on the agreement is genuine.

New Loan Series Matured

The San Mateo County Building and Loan Association if this city will during the month mature the sum of $10,000 among the investors holding stock in this series. This is certainly a tidy sum to distribute at this opportune time among the citizens of Redwood City.

WILL INSIST ON DURABLE WORK

City Council Declines to Sanction Sacrifice of Durability in Interest of Economy

Home from his summer vacation and evidently ready for another season's "grind," Mayor Merrill presided at the regular meeting of the city council last Monday evening, all of the trustees being in their seats when the roll was called by City Clerk Plump. While the session was not a long one, as measured by the usual custom, several matters of public interest were given consideration.

So far as concerns general public welfare, the action of most interest was the unanimous determination of the trustees to insist that paving on streets in the business section of the city must be constructed of a material calculated to be permanent in character and of sufficient strength to bear the traffic to which they are liable to be subjected. This action was taken following a report by Trustee Sampson that he had been unable to secure unanimous consent to the improvement of the northern portion of Main street and that part of East Bradford street from Main street to Redwood Creek in accordance with the plans and specifications approved at the last session of the council and which at that time were understood to be in accord with the wishes of the owners of property interested. According to the statement of Trustee Sampson, the most serious objection came from owners of a portion of the property on East Bradford street, who were inclined to insist that the cost of the work be lessened, regardless of the durability of the character of pavement to be laid. As opposed to the desires of these property owners, Trustee Sampson pointed to the fact that the portions of streets under consideration were so situated as to be liable to unusually heavy traffic. This fact, it was admitted, had been taken into consideration by the trustees and City Engineer Sears at the time of the adoption of the specifications, which called for a reinforced concrete base, and seemingly no good reason could be advanced for a modification at that time. With this view of the subject it was the unanimous opinion of the trustees that there should be no alteration in the specifications decided upon and that the work must be completed as outlined. While it was decided to afford the interested owners of property every opportunity to secure the advantages of completing the work by private contract, it was also announced that unless steps to this end were taken in the near future action would be taken to force the improvement under the provisions of the general street improvement laws. This would seem to indicate the necessity for some definite action on the part of the property owners in the near future if they are to avoid the added cost of public proceedings.

In order to allow of time for the completion of the assessment roll for costs of the work, T. C. Rice was granted an extention of 30 days in the time of his contract for the construction of curbs and sidewalks in improvement district designated as Resolution of Improvement No. 3.

Attention to the unsatisfactory drainage afforded by the present gutterway on Broadway, from Main street to the bridge, was again strongly called to the attention of the council in a communication from attorney George C. Ross, who especially cited the frequent inconvenience caused to pedestrians by the pools of water which almost daily remain standing at the Hotel Sequoia corner. That the nuisance complained of had been long within the knowledge of the trustees was evidenced by a statement from City Attorney Mansfield that the necessary preliminary preceedings to provide a remedy had been completed some time since and that the only cause of delay was due to a question as to the legal validity of the present street improvement laws. With a view to providing a remedy for the difficulty it was decided to make another attempt to secure unanimous consent of the owners of property fronting upon the street for the making of the necessary improvement.

Plans and specifications for the paving of the portions of the roadways of Webster and Hamilton streets between the school buildings, prepared by the trustees of the local grammar school district, were presented by Henry Steinberger, clerk of the school board and were given the approval of the council. This, it is understood, clears the way for the making of this improvement by the school district by private contract.

City Attorney Mansfield was requested to endeavor to obtain from Colonel Rees, head of the Army Engineer Corps, suggestions as to the most advisable steps to be taken to secure permission to close to navigation that portion of Redwood Creek lying between Broadway and East Bradford streets, with a view to the removal of the present flood gates at Broadway to the East Bradford street bridge. If this can be secured, it is the evident intention of the trustees to take some steps for the improvement of the present appearances of the creek within the business section of the city.

The ordinance introduced at the last meeting for the abandonment of portions of Brewster, Hopkins and Ashley avenues was given its final reading and adopted. This action clears the way for the opening of another extensive residential tract by the George H. Irving Company in the attractive foothill section adjoining the city.

At the suggestion of Trustee Sampson, City Attorney Mansfield was directed to prepare an ordinance prohibiting the burning of dry grass upon vacant lots without first securing a permit from the chief of the fire department. It is understood that this will require that applicants for permits of this character must provide assistance necessary to prevent danger of spread of fires to adjacent property.

With the completion of the business on the files of Clerk Plump an adjournment was taken until next Monday morning at 10 o'clock, at which time, under the present law, the trustees are required to meet as a city board of equalization.

THREE SCHOOL HONORED BY WOMENS RELIEF CORPS

Members of George S. Evans Corps Make Patriotic Visits

Bent on a mission of patriotism, a large delegation of the members of General George S. Evans Womens Relief Corps spent the day, Wednesday, in making pleasant visits to the schools at La Honda, Bellvale and San Gregorio. A law of this Order makes it the duty of its members to do their utmost to instill the spirit of patriotism and devotion to their country in the hearts of the youth of the land. One of the chief methods of accomplishing this praiseworthy object is the presentation of National flags to the various schools, both public and private, within the jurisdictional limits of the Corps.

In pursuance of this worthy object, a party of about 30 members of the local Relief Corps left this city Wednesday morning on a round of visits to neighboring schools. The first place visited was the school at La Honda, where the visitors were received by the pupils of the school, under the leadership of Miss Fay Thorpe, and were entertained with patriotic exercises, following which the school was presented with a handsome silk flag by Mrs. J. E. Harris, patriotic instructor of the Corps.

From La Honda the ladies proceeded to to Bellvale, where the pupils of the school had been assembled for the occasion by their teacher, Miss Donohoe. Although the notice of the coming of the visitors to this school had been somewhat delayed, the ladies were accorded an appropriate reception and as a part of the program a silk flag similar to that of the La Honda school was presented.

At San Gregorio the members of the Relief Corps were met by the pupils of the school, who had been assembled for the occasion by Miss Read, the teacher. As in the instance of the schools previously visited, the members of the Relief Corps were welcomed with a program of appropriate exercises, the thanks of the school for the splendid gift being tendered by Miss Read.

After completing the round of the schools, the party returned to La Honda where a splendid picnic lunch was partaken of and the afternoon spent in dancing and out door amusements.

Among the ladies of the party were: Merdames Nicols, Barg, Wilson, Read, Emma Winter, Mary Winter, Geary, Rice, Leary, Harris, Fox, Heiner, Price, Masters, McNulty, Jones, Jacobus, Dearborn, Moore, Holden, George, Kreiss, McAuliffe, Christ, Flynn, Lipp, and Hahir, Miss Geary and the Misses Read.

STATE BOARD OF HEALTH ISSUES MONTHLY REPORT

Interesting Showing of County Mortuary Statistics

The June report of the State Board of Health which gives the statistics for April, 1915, has reached this office. The following interesting figures are noted. There were during April, 42 births, 36 deaths and 35 marriages. There was but one death from a contagious disease and that from measles. One case of typhoid fever was reported but it did not terminate fatally. During the past year not one case of malaria has been reported from this county. Statistics covering deaths from tuberculosis for five years are given and though San Mateo county is 20th in population and has a sanitorium for tubercular patients our county has had a singularly low percentage of deaths from the dreaded white plague. During 1912, 1913 and 1914 there were 43 deaths in each year from tuberculosis.

WATERWAYS COMMITTEES INSPECT REDWOOD CREEK

Members of Congress Entertained by Board of Trade

Members of the Rivers and Harbors Committees of Congress, who are now on a tour of inspection of the waterways of this state, were given a thorough insight into the commercial needs of Redwood City last Sunday afternoon, when the party were entertained here by the business men of the city. Arrangements for the visit of the committee of National law makers was made by the board of governors of the San Mateo County Development Association and the executive committee of the Redwood City Board of Trade and that the visitors might be given an opportunity to become thoroughly acquainted with the needs of this city in the way of improvement to its water transportation, the trip up Redwood Creek and landing at the foot of Main street at the docks of the Peninsula Dock and Warehouse Company. During the trip up the creek, the possibilities of the development of the commerce of the city and the importance of the improvement of water transportation were fully explained to the visitors by Secretary Eskward of the Development Association, President Frank of the Board of Trade and City Trustee H. C. Tuchsen, each of whom have been especially active in the movement for Congressional support in the commercial aims of this city.

After its arrival in this city the visiting party were entertained at lunch, during which a splendid opportunity was afforded for an interchange of opinions. Following the reception here, the party returned to the steamer and continued their trip to San Jose, inspecting the lower end of the bay. While members of the Congressional party and Colonel Rees of the Engineering Corps of the Army were not inclined to definitely commit themselves, the general impression left was that all were favorably impressed with what they had seen and that there was every reason to hope that at least much of the desired aid to navigation would be extended in the near future.
